PRE-PROFESSIONAL PROGRAMS

Students can choose both a major and pre-professional concentration when applying to Cleveland State. For example, a Psychology/Pre-Medicine major will pursue a bachelor's degree in psychology while taking courses required for admission to medical school.

We recommend Pre-Veterinary students attend the College of Arts and Sciences session and Pre-Occupational Therapy, Pre-Physician Assistant, Pre-Physical Therapy and Pre-Speech Language Pathology or Audiology students attend the College of Health session. Students pursuing Pre-Anesthesiologist Assistant, Pre-Dental, Pre-Law, Pre-Medicine, Pre-Optometry or Pre-Pharmacy should attend the academic session for the college with majors most closely aligned with their interests.
